## *orma whiskey*

Have you ever heard of Orma Whisky? This special whisky is distilled on the Corvatsch mountain at a breathtaking 3303 metres above sea level. And therefore has a unique quality. The Orma Whisky is the result of years of work and careful craftsmanship. It is made from the finest ingredients and then matured in oak barrels to achieve its characteristic taste and flavour and complexity.

By the way, Orma means soul in Romansh. And you will find this soul on the bottle, with many different elements on the theme of transience. But don't worry, this whisky will not make your soul ephemeral - on the contrary, it will bring your senses to life.

If you are looking for an extraordinary whisky experience, the Orma is exactly the right choice.
